

A message from your PGE Retirees Inc. Board of Directors

Mar 23, 2020

We hope you and your loved ones are safe and well.

We are all in uncertain and challenging times and we are also all in the most vulnerable age group to the Covid-19 virus. Therefore, your PGE Retirees Board of Directors has decided to cancel our group activities for the time being.

We are officially canceling the Board Meeting in April, the Spring Luncheon in May and other group activities such as tours and sports events. We do, however, urge you to consider giving blood if you can.

PGE retirees are a family. We share, we remember, we reach out, we support each other. Our optimism helps us exhibit remarkable resilience - and if there is something PGE retirees share, it is strength and resilience. We have been helping each other and our communities since PGE was formed in 1889. We have been through floods and windstorms and ice storms and wars and plant closures and Enron!

The word "anxiety" doesn't quite do justice to our emotions these days but there is comfort in knowing we are not alone. With a global health crisis, travel and school cancellations, stay-at-home requirements, social distancing and financial worries, it's never been so important to stay in touch with the people who matter most to us. Human connection is critical, particularly as physical distance becomes a reality.

We want you to keep connecting with us. We want you to know what we're planning. We want to share stories and bring each other hope and hopefully some laughter and light. We want to keep you informed and provide resources and support.

So, please make sure you are on the **PGE Retirees Inc. Mailing List!**
